WELCOME TO THE COMFORT ZONE!

CLEARMAXX – THINGS ARE CLEAR

WORK WITH YOUR OWN CLIMATE COMFORT ZONE

Unlimited clear view of your work-space, filtered and clear air with adjustable air distribution make the clearmaxx the unique face and respiratory protection system.

MULTI FUNCTION SYSTEM

Combining it with the optrel e3000 PAPR system with mountain breeze filter the clearmaxx becomes the perfect buddy on countless types of work. The easy-to-change DIN5 front cover lens expands the system to the perfect protector for efficient plasma cutting.

WEARING COMFORT

Thanks to a minimized weight of only 330 g (PAPR version: 495 g) and an ergonomic fit the clearmaxx sets new benchmarks in wearing comfort.

ADJUSTABLE AIR DISTRIBUTION:

A rotary switch can be used to feed 20% of the air cooling the forehead area. Direct air draft crossing the eyes leading to dry eyes is avoided by the air distribution system.
