

Eco Air PAPER

The Eco Air PAPER (Powered Air Purifying Respirator) unit provides 170 litres of clean/ filtered air per minute to give a more pleasant working environment. The unit only weighs 1kg but will still withstand the toughest of environments. The unit is supplied with a P3 filter with an extraordinary filtration capacity. The battery, which have an operating capacity of 8 hours, can be charged separate from the motor unit, hence it can be utilised when working double shifts. The Eco Air is equipped with an Audio low flow alarm and indicates when the battery is running low or when the filter is blocked. The Eco Air can be used together with Origo Tech and Albatross helmets

Features and Benefits

The strong physical construction of the Eco Air, makes it extremely robust and suitable for all heavy duty welding applications.

User air flow 170 L/min

- Up to 8hr battery duration @ 170L/min)
- P3 filter and pre-filter
- International intelligent charger (interchangeable pins)
- Audio blocked filter and low battery alarms
- Flat push button membrane switch

Weights only 1kg

Eco Air

The Eco Air PAPER unit is delivered complete and is ready to use. Contents include: Air unit with air hose and hose cover, battery, intelligent charger, comfort pad and P3 filter.

Eco Air Helmet combination – Ordering Information

Origo™ Tech with Eco Air

The Origo™ Tech helmet can be used in combination with the Eco Air PAPER unit. The helmets are delivered fully assembled, incl. flame resistant head and face seal and air duct.

* An adapter is needed to connect the air hose with air unit

Origo™ Tech Black prepared for fresh air	0700 000 300
Origo™ Tech Yellow prepared for fresh air	0700 000 301
Air Hose Adapter	0700 002 176

Albatross 4000X with Eco Air

The Albatross 4000X prepared for air is delivered with an air fed grade B impact protection grinding visor complete with a face and head seal. The helmets are delivered fully assembled, incl. flame resistant head and face seal and air duct, ready to use with the Eco Air PAPER unit

* An adapter is needed to connect the air hose with air unit

Albatross 4000X prepared for fresh air	0700 000 316
Albatross 4000X Hard Hat prepared for air	0700 000 318
Albatross 4000X Auto prepared for fresh air	0700 000 320
Albatross 4000X Auto Hard Hat prepared for air	0700 000 322
Air Hose Adapter	0700 002 176

Albatross 1000 with Eco Air

Albatross 1000 welding helmets can be used in combination with Eco Air units. The helmets are delivered fully assembled, and ready to use incl. flame resistant head and face seal.

Albatross 1000 60 x 110 prepared for fresh air	0700 595 352
Albatross 1000 90 x 110 prepared for fresh air	0349 502 351
Air Hose Adapter	0700 002 176
